## Headed for Coast.

St. Quebec, Aug. 19.—Harry K. Thaw, a man posing as "Thaw," stated here this morning. He was at the request of Sheriff Kelsey, of Colebrook, N. H. Thaw on a train last night followed him here in an effort to do with the prisoner holding him until they hear a government. They are in the reward offered. Thaw freely admitted his identity and he was making for the coast. He did not appear to be disturbed by detection. He said he had committed no crime and he could not be extradited. Others think that Thaw took a train for Portland, Maine.

## How to Be Deported.

St. Quebec, Aug. 19.—The Canadian immigration authorities held an afternoon that Harry K. Thaw could be deported from Canada under the immigration regulations. The rule under which Thaw was deported provides that any alien who, within five years of his entry into Canada, may be deported as an undesirable.

## Picture will be identified.

St. Quebec, Aug. 19.—There is little doubt but that the man who effected the escape of Thaw from Mattawan will be identified. All indications are that the man was Richard J. Butler, an inmate of the ex-Police Chief and formerly a member of the legislature; his chief assistant to have been Roger Brown, a New York chauffeur, described as a mild mannered man; a dare-devil chauffeur; the member of the party was a blond, a chauffeur who ran a car.

## TEACHERS CONTINUE INSTITUTE MEETING

TEACHERS VERY MUCH INTERESTED IN TALKS OF PROF. WRIGHT.

The institute was called to order by the conductor at 2 o'clock, with song "America," followed by roll call.

Miss Fennell then discussed modern methods of teaching, primary and elementary reading. After the close of her lecture the choir sang the "Corn Club Song."

Prof. Wright then continued his psychological address, he having failed to complete it during the morning session. This subject seems very interesting to the teachers, as they are continually asking questions, the result was that Prof. Wright failed to finish his theme, continuing the subject until this morning.

The teachers had been anticipating great pleasure after adjournment, it being understood that all would attend the big ball game between Fort Gaines and Dothan. But, ah! what disappointment when it was found that it was only a game between the negroes of the two cities. What a sad crowd!

## Wednesday Session.

Prof. N. R. Baker, State Rural School Superintendent, supervised here.

Institute called to order by conductor Wright at 9:00 a. m. with songs "Abide with Me," and "America," followed by roll call.

Miss Fennell then discussed the opening exercises for Rural Schools with special reference to the use of pictures.

The teachers then sang the Corn Club Song after which Prof. Wright introduced Hon. L. G. Biggers, who made an able address on the Farmers Co-operative Marketing Association.

After his address the meeting adjourned for a short intermission.

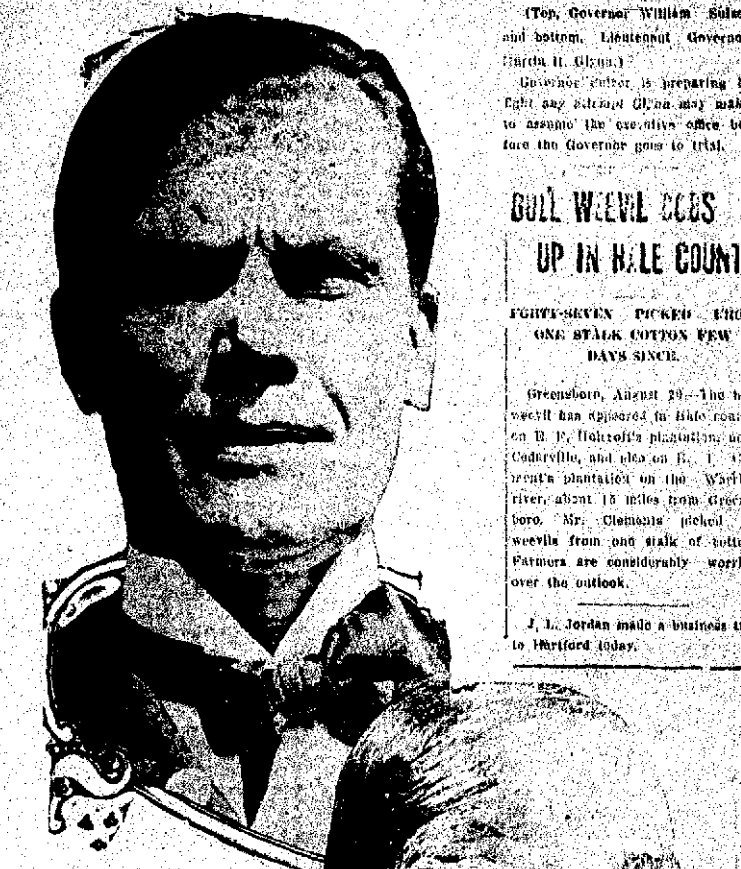

After recess the teachers sang the "Star Spangled Banner." Prof. Wright then introduced Prof. N. H. Baker, the State Rural School Supervisor. Prof. Baker's theme was the relation that Houston county occupies to the other counties in the state in respects: 1. State Libraries, Houston stands in the 4th class with perhaps only 3 rural libraries. 2. Teachers Certificates. It was found that second grade teachers predominate reading circles, this county stands among the lowest. 4. Graded Schools. Houston county stands in the bottom class. 5. Tomato clubs. Our county is about the first. 6. One Mill Tax. Our county has the one mill tax. 7. School Building Appropriation. Houston county is among the lowest. 8. Supervision. Houston county lowest. Prof. Baker then continued his speech until later.

Prof. Wright then introduced Dr. N. N. Passmore who delivered an excellent lecture on Oral Hygiene and Sanitary Conditions.

On the close of Dr. Passmore's subject Prof. Wright made a motion which was unanimously carried that Dr. Passmore's paper be published in the local papers. Prof. Baker then closed his address on local conditions in Alabama.

## SULZER WILL NOT ABIDE DECISION

## CHAS BRACKIN ARRESTED LAST NIGHT FOR ASSAULT

Ulad Brackin a young white man of the Wickburg settlement was arrested and placed in the Houston county jail in Dothan last night on a charge of assault and attempt to murder. The crime is supposed to have occurred in Geneva county.

The victim of the assault was a Mr. Grantham, who was cut in a fight with Brackin in Geneva county some time ago. Brackin is well remembered in court circles in Dothan, where he was acquitted in the last term of circuit court for the murder of young James Lloyd, which occurred at Wickburg in March. The offense in Geneva county was committed before the Lloyd murder occurred. Brackin arrived in the city last night and was immediately placed in jail by the sheriff.

## Former Dothan Man Shoots Atlanta Bahfi

OFFICERS WOUNDED AND KILLED FOLLOWING ATTEMPT TO CLASH KNIFE.

Atlanta, Ga., Aug. 20.—Ullis J. P. Gaddy is lying seriously wounded at his home in East Point, Tuesday morning, with bullet wounds in his breast, shoulder and right arm following a pistol battle with J. J. Willis, an East Point storekeeper, late Monday afternoon.

Willis fired six shots at Gaddy when the officer attempted to place him under arrest on a warrant charging contempt of court. A few minutes after the shooting Willis was arrested by Policemen Creel, of College Park, while trying to make his escape into the open country.

Gaddy was taken to his home at No. 4 Pine street, in East Point, and his wounds dressed by Dr. H. C. Shivers. Four of the shots fired by Willis took effect, the first entering the right breast and ranging downward under the left arm; the second shattered the bone of the right elbow, and the last two striking the officer in the shoulder. Dr. Shivers stated last night that Gaddy will live.

The warrant for Willis' arrest was issued because he had opened his store in violation of a writ of attachment served upon him several weeks ago, after George Harris, a cotton mill worker, had obtained a judgment for \$1,000 against Willis for false imprisonment. Willis had previously had Harris arrested on a charge of obtaining goods under false pretenses, and had lost the case.

"When I went after Willis I was accompanied by my brother-in-law, John Wynn," said Sheriff Gaddy, telling of the shooting. "We found Willis sitting on the steps of his store. When he saw us he ran into the building. When I got inside he covered me with a gun. I told him not to shoot and started for him. He fired the bullet striking me in the breast. I then drew my gun but before I could shoot another bullet struck me in the elbow. I was helpless, and staggered out of the front door. As I did so Willis fired four times and two of the bullets struck me in the back."

Willis is well remembered in Dothan, where he was known for years as "Uncle Jack." He has a number of relatives in this vicinity, among whom are brothers living in Dothan.

GIRL DRINKS POISON TO POISON DISGRACE

New York August 21.—I've tried to get work but there was no way out except disgrace. I want to die. A poor girl can't be good in New York. said Elizabeth Heath an 18 year old orphan as she swallowed poison in view of a crowd in Stuyvesant park. She was carried to a nearby hospital where it was said she had a chance for life.

The girl said her mother died in San Francisco last March. Then Miss Heath gathered together the small resources and came to New York reaching here about a month ago. She tried to find employment but was unsuccessful and finally was without money to pay for her lodging.

Then she went into the city parks and ate scraps left by the picnicers and slept under the trees at night. She washed her face in the

Every man is three. 1 The boy that was. 2 The man that might have been. 3 The man who really is. I talked with you today, all three. Two of you I tried to unseen. Yourself the boy you used to be. And the man you might have been. You never knew that silently. They smiled at you unseen—The ardent boy you used to be. And the man you might have been.

How many men and women too when they come to the end of the journey of life realize that they are not what they might have been and what is ardent boyhood and girlhood they hoped and expected to be.

Perhaps one great reason for the failure in the failure to properly consider the seriousness of life and with a fixed purpose push forward to the goal.

Dr. Oliver Wendell Holmes has said, It does not matter so much where we are going, as which way we are going—on life's sea we must sail sometimes with the wind and sometimes against it. Yet sail we must not drift nor lie at anchor. —W. D. Howth.

She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give
